

Board lets tenders for Braeside school

Under building program business at the May 21 meeting of St. Albert Catholic School District #3, Mr. A. Gannon moved that the Board place the portable units for the proposed community core school at Braeside and the requirements for the home economics and the industrial arts rooms out to tender. The motion was carried.

Mr. Steve Sieben reported that the proposed student exchange program with schools in New Brunswick would not now take place due to the withdrawal of Federal Government support. The students will instead visit Spokane, Washington for the World's Fair together with students from the Protestant

Separate School District. The dates set for the trip are June 29 to July 7. The students will stay at university residence and will take a side trip to the Grand Coulee Dam across the Columbia River. Mr. Dave Fraser moved that the Board grant \$200 which would normally be used for busing. Please Turn To Page 4

District No. 6 appoints assistant superintendent

BOB PRATHER

Mr. Bob Prather, principal of St. George Simpson Junior High School, has been appointed assistant superintendent by the Protestant School Board, effective August 1st of this year. In the expanded administration Mr. Prather will serve in the Secondary level (grades 7-12) and Mrs. Muriel Martin on the Primary level, under Superintendent Mr. Elmer Gish.

Mr. Prather has had 15 years in school, nine of them in St. Albert where he worked

in Sir Alexander Mackenzie, Paul Kane and Simpson schools. He is looking forward to working in education through this new avenue, commenting that "it will really be a different way at looking at the same thing."

Mr. Prather is expected to take a conservative approach in administration. The position was advertised within the district and throughout the province and Mr. Prather's application was accepted out of a total of 25.

Mr. Al Alain, left, is congratulated by Mr. Emil Motoska, Knights of Columbus Provincial Deputy, who presents him with the handsome wooden plaque and gavel which accompanied the selection of Mr. Alain as Grand Knight of the Year, at the provincial convention held in Grande Prairie May 17-19. The inscribed citation reads "For outstanding service to his Council and the Alberta jurisdiction as Grand Knight of St. Albert Council for 1973-74."

Al Alain honored at Knight's Convention

Al Alain of St. Albert Council Knights of Columbus was named Grand Knight of the Year, 1973-74 in Alberta at the annual provincial convention of the Knights held in Grande Prairie May

17-18 and 19. He was presented with a handsome wooden plaque with inscribed plate and mounted gavel.

Mr. Alain was not at the convention as he attended the wedding of his brother

Bernie on Saturday and arrangements to fly up later that evening had to be cancelled due to weather. The announcement came as a complete surprise and was a real thrill for Mr. Alain, who has only been a member of the KC's for four years. He served as Deputy Grand Knight in the 1972-73 year and as Publicity Director the previous year on St. Albert Council.

Mr. Gus Hoffart of the local council was awarded a scroll certificate at the convention in recognition and appreciation of his efforts, particularly in the Pro-life campaign.

Both awards were presented later at the meeting of St. Albert Council on May 23, by Mr. Emil Motoska, Provincial Deputy of Edmonton.

Representing St. Albert at the convention were Don England and Richard Adamkiewicz and their wives. Back in St. Albert four Knights gave emphasis to the focus of the convention on promoting religious promotion, by giving the homily on vocations at each of five masses on May 19. They were Gay Bremault, Ed McLaughlin, John Hermans and Frank Lukay.

The convention voted \$2,000 to the library fund of St. Joseph's Seminary and Newman Theological College complex. A \$1,000 donation was voted to the Vocational Team, headed by Father Karl Raab, rector of the Seminary.

Council hears interesting views on downtown and shopping centres

Council at their regular meeting Monday night heard differing viewpoints and a number of interesting and thought-provoking comments on proposed development and planning with regard to regional shopping centres and the downtown central core.

Mr. Round of Richmond properties, a Calgary based firm was first to be heard on the subject. He said his firm had been doing structural design work with a view to accommodating basic principles suggested by Council for the downtown area. We were excited with the possibilities, he said. When in the course of our work it came to our attention that the town was considering one, two or three major shopping centres, and knowing the impact such would have on the downtown, we suspended our design, to continue after council's decision is made.

He felt the downtown should embrace three components, a civic centre, resi-

dential and commercial development to be a proper focus, and that the town has enough control of land to make into such a focal point. A large regional shopping centre however caused him serious doubts as to whether downtown commercial development could survive, as he felt the downtown opportunity would be lost for some years, which would be most unfortunate. Referring to a conference in Toronto last week he said that city was considering banning further large centres and referred council to an article on "Plaza Pirates" which can result in rentals going down, decrease in downtown assessment and other problems, according to the article, if council is serious about a downtown civic centre they should beware the impact of a regional shopping centre, said Mr. Round. Councillor Hudson wondered how much commercial development could go into the downtown area, along with the proposed municipal

facilities tentatively planned, and if it would be enough to satisfy the needs of residents. Do you propose no shopping centre at this time asked Coun. Thorndson and Mr. Round said that was so. He felt council should not decide on a major centre for at least five years and preferably after the downtown is completed.

Coun. Lukay asked how many square feet were recommended for a smaller centre downtown and Mr. Round suggested 160,000 square feet, which would compare with Lethbridge, which he said cannot at present justify any more. About like Northgate, commented Coun. de Bruijn, but the councillor felt that a moratorium on a regional centre wasn't feasible due to St. Albert's proximity to Edmonton. The centre will go in Castle Down or North Edmonton and we won't have one, he said. In answer to a question on a phased shopping centre planned to expand, Mr. Round told Coun.

Lukay that if a retailer has a choice between downtown or a centre, he would choose the centre, go with Woodwards or Simpsons. Right now, said Mr. Round, we think along the lines of the Bramalea development outside the Toronto limits. The mechanics are different regarding all single storey development and all outside parking. We would like to build something exciting he said.

A representative of Daon Developments was next to be heard, who are interested in being a participant in renewing the downtown area. Our interest is in the possibilities said the rep, particularly in construction of office buildings for lease back, but we need to know more about the town's plans. And the same is true for commercial development, the second area of our interest. We need to know to what extent we might participate.

Your proposal is limited in scope, said the mayor

and asked if Daon needed more time. We also seek further advice from council regarding regional shopping centres, said the representative. Office space could be a bad investment downtown if such goes in. You agree with Mr. Round, suggested the mayor. In this matter yes, replied the rep, but I disagree with some of his thinking.

A representative of National Land Consultants disagreed with both the former speakers, but was more concerned that apparently the May 30 closing date for representation to council on the downtown development was being extended. Our submission is ready for Thursday he said, and any delay would botch it up. We were not invited to appear before council and did not ask for prior hearing because we were requested to maintain confidentiality. Coun. Lukay felt that since National Land were represented in the audience, they should be heard. Please Turn To Page 4

Developers granted appointments

The Committee of the Whole made recommendation that a decision on the subject of a Regional Shopping Centre be delayed pending discussion with the developers who have expressed interest in the project. The recommendation was made in the light of feelings that information on the proposed sites and 'spin-off' implications have not been fully explored.

R. L. Byron, the town administrator, stated that in all the studies that have been focused on a regional shopping centre, little consideration has been given to the effect that the centre would have on an existing and proposed commercial development, for example, in the downtown area.

Three sites have been assessed by the town planner. Site 1, located on the east side of #2 across from the Klondike Inn, is a single parcel and has an unobstructed view from #2 and Germain Road. The present 22 acre site limits the shopping centre to approximately 295,000 square feet of gross leasable floor area, with single storey construction and grade level parking. Two department stores are proposed on the site, only one of which might be a senior department store, according to the developer. Food, drug, theatre, and commercial rental space is also proposed. The limited size and accessibility of this site handicaps its potential as a regional centre site in the view of the town planner.

Site 2 consists of a gross site area of approximately 47 acres including road allowances and public reserve

land. Ultimately, the centre is proposed to contain 700,000 square feet of gross leasable floor area. It is proposed for the site surrounding the existing St. Albert Inn. A minimum of 200,000 square feet will have to be provided as a second storey floor area for at-grade parking space. The alternative is a parkade structure for about 1,000 vehicles to provide enough on-site parking for the 4,750 vehicles proposed by the developer.

Initially, 350,000 square feet is proposed to be comprised of two senior department stores, food store, theatres, commercial rental units, and a transit station. Ultimately, three department stores are proposed with a total gross leasable floor area in excess of 700,000 square feet.

The third site is approximately 62 acres and is comparable in square footage to the proposal for site 2. It will be necessary to locate a considerable amount of gross leasable floor area on the second storey in order that adequate on-site parking can be provided at-grade. Site 3 is located north of St. Albert, on the east side of Highway #2, between the river and Belrose Dr.

The developers original submission suggests a one-stage project of approximately 800,000 square feet gross leasable floor area with three major department stores, a junior department store, food floor, ALCB store, and commercial units. Integration with a mass transit system is recommended by the developer.

A four to three vote on the motion demonstrates the mixed feelings within the council over the utility of hearing from the developers Mr. Hudson voiced preference in hearing from land consultants to receive the information which would clarify the situation. Mr. Bakker expressed a preference for hearing from the developers as did Mr. de Bruijn. Both expressed the opinion that a consultant would only provide the information which council wanted to hear.

The developers were to receive appointments at the council meeting scheduled for Monday, May 27.

Hospital awarded full accreditation

On May 22, the Sturgeon General Hospital received formal notice that it has been granted the highest recognition available to hospitals in Canada. This recognition is full accreditation status conferred by the Canadian Council on Hospital

Accreditation.

During a recent survey of all facets of the hospital's operation, it was found by a representative of the Canadian Council on Hospital Accreditation that Sturgeon General meets the prescribed standards for quality of

patient care and excellence of hospital operation. It is recognized in hospital circles that such a survey is the best available means of assessing hospital performance and the resultant services to the hospital provides to its patients.

This was the first such inspection conducted at Sturgeon General Hospital which opened in August, 1970. Dr. James N. Murrie of the CCHA in a recent telephone conversation, indicated that it is most unusual for a hospital inspected for the first time to be granted full accreditation. The CCHA is composed of the Canadian Hospital Association, The Canadian Medical Association, The Royal College of Physicians and Surgeons of Canada, L'Association Des Medecins de Langue Francaise due Canada, and the Canadian Nurses Association.

Members of the Board of Trustees of the hospital gratefully acknowledge the contributions of the hospital staff and the Medical staff in achieving this honour so soon after the opening of the hospital.

District 6 revises tuition policy

The Board meeting of the St. Albert Protestant Separate School District No. 6 was held on Thursday, May 23, 1974. A revision of tuition policy concerning students who attend schools outside the district was approved.

Formerly, the Board paid one-half of tuition fees and provided transportation to the city for St. Albert students encountering learning problems who were admitted to special junior and senior high school programs in Edmonton. The Board will now pay the whole tuition fee as well as provide transport to the city.

The payment of the tuition fees is subject to several conditions. Students in this category shall be selected by means of professional judgements based upon uniform criteria and student selections must be approved

by the superintendent. District tuition and transportation support may be discontinued if the attendance, learning effort and behavior of students attending schools in Edmonton are not satisfactory. Students may attend Edmonton programs only where there are not appropriate programs within the district. The new policy will come into effect in the 1974-75 school year.

The Board also approved the implementation of a work experience program in the coming school year. The program is open to any high school student and it will become part of the school program for which the participating student will earn credits.

The Board approved the appointment of Mr. Robert W. Prather to the position of Assistant Superintendent of Secondary Education in the district.

Council

Continued From Front Page and moved that a time extension be allowed to do so. Motion carried 6-1 with Coun. Fyfe opposed.

We are involved both in the town centre and the regional shopping centre said the National Land representative, and have worked hard for some considerable time now. The yellow document we prepared formed a justification for a regional shopping centre. It was done by an experienced planner, Mr. Makale. Our firm had four representatives at the Toronto conference referred to by Mr. Round he said, and we have represented annually at these conferences for five years. The Plaza Pirates' is a cliché he said and if Mr. Round knew the whole story he would know that Toronto has found that the periphery shopping complex has in fact rejuvenated the centre of the city and the same has happened in New York. We are presently involved in Grande Prairie's regional centre also, he said and that is rejuvenating the commercial business district like you wouldn't believe. We are prepared to do both the downtown and the regional centre and have put in a tremendous amount of work at a cost of thousands of dollars. If council

delays the closing deadline for people like Richfield and Daon, what have they at stake? We are prepared to implement our proposals as soon as possible, said the National Land representative.

He added that his firm has done a legitimate job - we are experienced developers and I personally was involved in the Regina Midtown Centre. The downtown land base won't justify a shopping centre at \$4 plus per square foot he said. Department stores want \$2 per square foot. It's the only way to justify and that is why the nature of commercial districts change. To my knowledge, he said, Richfield has never done a regional centre or a downtown core.

The town would have a problem at 80,000 population with not enough civic space, he went on. If you don't get a regional shopping centre, it will go in at the corner of 137 Avenue. If we build, he said, we want to be where the action is, and added that he did not understand Daon's concern in that he wants more time. If council delays and ties conditions it prejudices our position. We lived by the terms of reference set by council and worked day and night. We employed consultants. If serious, we have to do the job properly and be concerned

with the time limit. I disagree with the other firms. Our firm must be realistic about objectives, if we don't get off our backsides we lose money.

You need 160,000 square feet of shopping centre - and we said that months ago, he continued. We got the land months ago. If you get over that size you will have a real problem with downtown commercial development he concluded.

"Thank you," said Mayor Gibbon, "and well said!" Do you suggest completing the downtown first, asked Coun. Hudson? We will give you total answers and methods by which you implement development in stages, said the National Land representative. Alternative choices will be offered. If your downtown proposal is accepted, asked Coun. Hudson, but not your site for the shopping centre are the two tied together? No, said the rep, we consider them separately.

He asks that we don't change the rules in the middle of the ball game, said Mayor Gibbon, and that closing date for proposals be Thursday. "Precisely," said the representative. I have to concur, said the mayor, and we must give our answer. Council chose to go the route of hearing developers, said Coun. Hudson, although I favored hearing consultants, but if we stay with the May 30 deadline, I have no idea of National Land's alternatives. Another week or 10 days is alright, and I don't care if we set 10 deadlines if we have serious concern on the impact of a regional shopping centre on downtown commercial development.

Councillor Lukay moved that council stick to the deadline, but Councillors Thronson and Bakker did not agree. We will hear others tomorrow, said Coun. Bakker so it is obvious we must postpone the closing date.

We carry land through this delay, said the National Land representative - one of the few, and time is no help to us now. We have shot our wad. Agreed, said Coun. Bakker, but the development

I enjoy your paper very much but whoever was reporting on the "Bike-a-thon" last week missed out a bit. It would have been interesting to find out the names of ALL of those who made the 25 miles, including the ladies! Also, how about the bank managers? Did you know that MRS. Fran Beaudoin, manager of the Royal Bank, Lacombe Park branch did the 25 miles? It is such good publicity for the "Bike-a-thon" next year, and besides its encouraging for all who participate.

Mr. George Soetaert, assistant superintendent, gave a brief report on the kindergarten for the 1974/75 school year. The hiring of teachers and the report on the curriculum will take place in June.

A large part of the evening was spent discussing religious bursaries and the beneficiaries of the bursaries. Some time was given to the wording of an advertisement for the forthcoming superintendent vacancy.

Mr. Perrott of Father Jan School was present at part of the meeting to introduce additions to the policy handbook. There were no major changes to existing policies.

of the downtown will be with us for 100 years, therefore I am not concerned with two week's delay.

Motion to stick to the deadline was lost 4-3 with Bakker, Hudson and Thronson and Fyfe opposed. Coun. Bakker's motion to defer for two weeks was carried 5-2 with Lukay and Hudson opposed.

St. Albert graduation

St. Albert High School held their Graduation celebrations on Friday, May 17. A mass was celebrated in the St. Albert Roman Catholic Church with Fathers Joly, Duchesneau, Cunningham officiating. Father Cunningham delivered the homily and music was provided by members of the graduating class.

Graduation exercises were held at the school and Mr. R. Johnston acted as M.C. Guest speakers included Mr. V. Maloney, Mr. B. Hudson, Mr. E. Howrith and Mr. C. Kambeitz. They extended their best wishes to each of the 132 graduates.

Mr. Maloney announced his intention to retire as superintendent during the proceedings and unanimous appreciation was expressed for the contribution Mr. Maloney has made to the school system.

The valedictory speech was presented by Michael Gariepy, and Colleen Sheen, along with Henry Roy, entertained the audience with a class history.

A banquet was held at the Hotel Londonderry. Grace was led by Mr. J. Dowling. Roger Belley acted as master of ceremonies. Roses were presented to Mrs. A. Telford on behalf of the grads

in recognition of her assistance in grad preparations.

The dance held later in the evening was attended by approximately 700 guests. Music was provided by the 'Sophisticated Swing.' "Our sincere thanks to our parents, our teachers, and our friends for making our graduation such a memorable day."

St. Albert High and Paul Kane place high in track events

At the Sturgeon Conference track meet held in Morinville on Wednesday, May 22, 29 Paul Kane athletes came home with first and second place ribbons and won the right to represent Sturgeon in the North Central Zone meet held last Saturday. Paul Kane won the meet with an aggregate total of 221 points, 96 more than its closest competitor, St. Albert High.

Outstanding individual performers for Paul Kane were Lee Van Fossen, Kevin McKendry, Helen Anderson, Jim Hole, and Ken Webb. Lee, Kevin, and Helen, in fact, won Most Valuable Athlete awards for the senior boys, junior boys, and senior girls classes respectively.

The North Central Zone meet, held May 25 at Centennial Park, determined the qualifiers to compete in the Northern Region Track Meet on Saturday, June 1. Of the 29 Paul Kane entrants, nine earned a right to be on that team.

Jim Hole was a triple winner, with first place medals in the senior boys discus, shot, and javelin. Jim's toss of 41.4 meters (135.8 feet) in the discus broke the previous record of (135.5 feet) set in 1964. Another triple winner was Helen Anderson, who, in record-breaking time, won the senior girls 100 and 200 meter sprints, as well as placed second in the senior girls

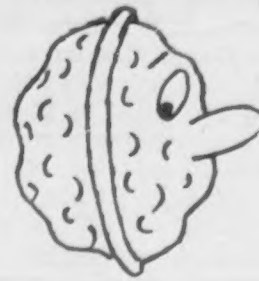

long jump. Val Green earned a berth on the team by placing first in the junior girls 800 meter event (breaking the old record by 11.5 seconds), and second in the junior girls long jump. Another winner was Lee Van Fossen, who came up with second ribbons in two events, senior boys 110 meter hurdles and senior boys javelin.

Kevin McKendry received second place ribbons in the junior boys discus and shot events. In senior mens triple jump, Miles Prattleaped to a second place finish. Ken Webb was second to Jim Hole in the senior boys shot.

Suzanne Jewitt ran to a second place finish in the junior girls 80 meter hurdles, and in the junior boys 110 meter hurdles, Jay Henituk also finished second.

A strong showing by all the Paul Kane athletes contributed to Sturgeon's second place finish in the aggregate standings. Final conference totals were as follows: Strathcona, first; 226 points; Sturgeon, second, 225 points; Parkland, third, 177 points; Lac St. Anne, fourth, 61 points; Pembina, fifth, 55 points; and Athabasca, last with 50 points. Strathcona on the boys aggregate; Sturgeon, the girls.

First and second place finishers in the Northern Region (June 1) meet will compete in the Provincials, which will be held in Calgary on June 8, 1974.

Are you one of the many individuals in St. Albert who could benefit from the Meals on Wheels service? This service provides nutritious, hot meals at a very low cost. The maximum charge for a meal is 85¢ but this price can be adjusted according to means.

Kindergarten List

In order that a comprehensive kindergarten waiting list, for children in their immediate pre-school year may be compiled, parents who do NOT have their children registered for kindergarten this fall are requested to call at the Gazette office and list their children with particulars.

What is needed is a fairly accurate number of pre-school children who will require extra facilities in the fall. People already on a waiting list at any kindergarten in St. Albert need not sign the list.

It should be noted also that registration for the St.

Albert Protestant Kindergarten will be taken on June 18 and names of children on the list at the Gazette will be removed if they are enrolled there.

Parents may sign at the Gazette office on Thursday and Friday between 9 and 5 or on Saturday from 10 a.m. until 4 p.m. The plan is to make arrangements in the very near future for additional classroom space in the fall for children not able to be accommodated in existing kindergartens.

It will be necessary to come down to the Gazette office and the co-operation of parents is requested in not telephoning the Gazette.

Home Improvement Project Recommended

The L.R.H. Home Improvement Centre, proposed for location in the Atlas Aluminum Building situated between the C.N.R. tracks and the Town's sewage lagoons, was presented as 'Business Arising from the Minutes' at the Regular Committee of the Whole Meeting on Tuesday, May 21.

Council voted on a motion from Mayor Gibson, namely that council approve the proposal for the Home Improvement Centre subject to the recommendations of staff.

Staff had advised that the plan be accepted subject to conditions which include: an agreement and a subsequent caveat placed against the title to insure that no outside storage can be permitted until such time it is approved by council, the posting of a \$15,000 bond to insure all paving and landscaping is completed as per plan within an 18 month period, and development permit not be issued until such time the two previous conditions have been met to the satisfaction of the town. The motion was passed with a recorded vote of six in favor and one opposed.

Mr. R. Lemieux addressed the council on the matter and voiced verbally and in writing his compliance with the conditions of approval.

Mr. Lemieux noted that it would be hoped that the town give sufficient notice to allow relocation of items which may be stored outside. He does not foresee the need to provide covered storage space for materials until the concern has become established for a number of months.

Councillor Thronson voiced opposition to the proposal 'not on the basis of whether we need the business in town but because of the location.' Outlining his reason for concern, Mr. Thronson said "I think that we are opening up an area that has been designated, or that part of this area has been designated as light industrial which is generally low vehicular traffic. We're bringing a commercial venture

into this area and I think it will bring in, hopefully for them, high vehicular traffic. I don't think that this area is suited for a high vehicular traffic." Though the existing commercial activities result in traffic Mr. Thronson pointed out that it is a

'relatively light traffic area.'

Speaking to the concern expressed by Mr. Thronson, Town Administrator Robert Byron stated 'I do expect that there is going to be some increased traffic that you can expect pretty

good business in the area and I presume that there might be requests being raised after they get to business to upgrade the roadways and the crossing and I would feel that that might be considered one of their local improvements.'

RCMP film series at Edmonton Public Library

The National Film Theatre series being shown at the Edmonton Public Library examines both the Hollywood image of the RCMP and the use of the Canadian North as a 'Western' setting. Ad-

mission to the films is \$4 for the series or \$1 per film for adults. Children pay 50¢ for single features.

Upcoming this Friday, May 31 is 'Back to God's Country' starring Rock Hud-

son and Marcia Henderson. It deals with a sea captain and his wife carrying a cargo of furs through Canadian waters. The villain, an unscrupulous trader, plans to kill the husband and then make his escape with both the furs and the wife.

Friday, June 7, is the day for screening of the 'classic' entitled 'Renfrew of the Royal Mounted (1937)' which stars James Newill and Carol Hughes. The indomitable singing sergeant of the RCMP tracks down a ring of North Woods counterfeiters in a typical round of chases

and slugfests set against a background of pine trees and mirror lakes.

Friday, June 14, is the day for screening of another wild RCMP feature. This one is titled 'Until They Get Me' (1917) and features Jack Curtis and Pauline Stark. It is a silent feature about a young Mountie who comes across a runaway orphan girl while tracking down a desperate fugitive.

Another feature scheduled for Friday, June 14, is a burlesque of Robert Service's rugged poems about the North. It is entitled 'The Fatal Glass of Beer' and stars W. C. Fields. Fields is swathed in the furs of a Northern Trapper. 'It ain't a fit night out for man or beast' is one of Fields' memorable quips in the movie.

Pitch and Spice well received

Pitch and Spice were enthusiastically received in Dawson Creek and Prince George, May 3 - 5 when they presented "Our House." The audience was large in both places and they received standing ovations.

People came on stage to express their feeling and said it was an excellent performance.

In the morning Pitch sang at a mass and Spice sang at a later mass in St. Mary's Church in Prince George.

They were made to feel most welcome. All 220 members were billeted in both Dawson Creek and Prince George. All members felt they received a lot of kindness from the local families.

The Knights of Columbus deserve credit in both places for billeting choir members.

Pitch went to Duck Lake, Saskatchewan last week on May 24 - 25 for Father Andy Boyer's ordination. He has been on the Parish team for the past two years while studying at Newman College.

Pitch led the singing at the ordination and they provided the entertainment during the banquet with four

planists. They gave a concert after this and at 12:30 a.m., later played for the dance.

According to Pitch members this was one of the greatest experiences they've had.

FLIKING

This week FLIKING brings you four of Edmonton's most well liked motion pictures. All of these movies have been in the city for a number of very entertaining months.

The Sting

Definitely deserves the Best Picture Award with Redford and Newman perfecting a magnificent script. In this picture, a two-bit swindler, a retiring con man, and a number of remarkable friends stage the big con, "and this time they might get away with it." But don't get stung!

THE STING, now showing at the Odeon One, 10081 Jasper Avenue, Phone 422-8223.

A Touch Of Class

Best Actress, Glenda Jackson, teams up with George Segal to bring the audience a number of laughs as well as fine entertainment. Having a mistress isn't the easiest thing in the world, especially when you take her on a holiday with you and it turns out real miserably, and then you wind up with even more problems once you return to that large gap, from home to the secret apartment.

A TOUCH OF CLASS is showing at the Plaza One, 10210 - 118 Avenue, Phone 474-6266.

American Graffiti

Now in its eighth great month, American Graffiti brings back the days of early and wild rock 'n roll, with combs, grease, hot cars, guys 'n dolls, roller skates, and drive-ins, that were you in '62. There's the grad dance, Wolfman belting out those hits on the ever playing radio, the big drag race and all the other things that make you a teen-ager all over again!

AMERICAN GRAFFITI, still showing at the Varscona, 10907 - 82 Avenue, Phone 433-3222.

The Way We Were

Another great team-up, with Streisand as the girl who works hard to get herself through school, is a very loud revolutionary, and manages to keep very few friends. Robert Redford, as the young intelligent man with everything can't seem to be without her, and they wind up getting married and raising a family, while at the same time trying to overcome their contrasts. However, all doesn't go too well when basic ideas conflict and an intense love story comes to an end.

THE WAY WE WERE, shown at the Capilano Cinema, 98 Avenue and Terrace Road, Phone 465-4646.

Next week FLIKING will feature THE APPRENTICESHIP OF DUDDY KRAVITZ.

Car Wash at Simpson

The students of Sir George Simpson will be holding a car wash on June 1st from 10 to 3 on the school's parking lot, to help finance a graduation dinner and dance. The price for the car wash, including a vacuum is one dollar. Everyone is urged to come and support this event. A rain date is set for June 8, if the weather on June 1st is unsuitable.

Yoho Park offers new campground

A new campground and a new campsite reservation system will be in operation at Lake O'Hara in Yoho National Park this summer.

Park Superintendent Jean Pilon said the new facilities were prepared for visitors because of previous damage done to the fragile alpine meadows. The camping reservation system, introduced for the first time in a national park, will give all campers an equal opportunity to enjoy the area.

Pilon said the reservation system will enable campers to avoid the disappointment of being turned away and give them ample time to make other plans should the campground be full.

The new campground, located north of the Lake O'Hara meadows at the edge of the fire road leading to the lake, is one half mile

from the warden's cabin. Much more resistant to use, the new site was developed to replace the traditional tenting area on the meadows which has now been closed to campers so that the vegetation can be given a chance to recover. A Canadian Wildlife Service study had indicated that unless camping on the meadows was stopped the groundcover would not likely renew itself.

Hikers and day users will still be able to use trails leading through the meadow for sightseeing and as a starting point for hikes to surrounding peaks.

Campers may reserve a site either by writing, phoning or applying in person at the Park Superintendent's office, Yoho National Park, Field, B.C. The telephone number is 343-6324. During the summer season, num-

ered site cards can be obtained at the park's east information bureau, located one mile west of the Lake O'Hara parking lot on the Trans-Canada Highway.

"Reserved site cards for the new campground must be picked up by 5:30 p.m. on the day the reservation is to take effect or a confirming phone call made," said Supt. Pilon.

Reservations not picked up nor confirmed will be made available to other cam-

pers in time for them to catch the last bus to the campground, which leaves from the fire road at 6 p.m. At the campground an attendant will take the site cards, assign campsites and collect the \$2 a night camping fee.

The maximum stay allowed at the Lake O'Hara site will be four nights. The campsites will accommodate 30 tents and will be open from June 28 to September 3rd.

June 9 Bike-A-Peal Evelyn Unger School

The Evelyn Unger Bike-A-Peal '74, which is sponsored by the L.L.D.A. (Language and Learning Development Association), is scheduled for June 9 at Speedway Park. The motto for this year's appeal is "Help a child learn to live."

Funds are required to assist in offsetting operating costs after government and school board grants are considered. Goal for 1974 is \$50,000. Last year \$28,000 was raised.

The Bike-A-Peal is approved by Edmonton Charities Appeal Board and the Provincial Government. Every rider must have a pledge card and there is no age limit for riders. Pledge cards can be obtained by phoning 469-3070.

A collection of prizes have been donated including four 10 speed bikes and Wally Watts (Wobbly Wally), the chap who rode across Canada on a unicycle will be riding in the Bike-A-Peal.

Youville people enjoy dance

A very successful dance, hosted by the Youville Auxiliary, was held on Wednesday evening, May 22 for the patients of Youville Home.

Once again, Danny Boisvert and his Band, representing the St. Albert Knights of Columbus, generously volunteered their time, providing the music for the dancing. Ably assisted by Danny's daughter Joanne at the piano, Jean Paul Roy on the accordion and Harold Klak as guitarist, they chose selections to please every taste - and judging by the applause, they succeeded.

Joanne Martineau and Joanne Boisvert delighted the audience with a number of vocal duets. Prizes were given for several "spot dances," adding to the fun. Two door prizes were also awarded - one for the ladies and one for the gentlemen.

Our ever popular and jolly Ed Savole was in attendance to liven up the gathering.

He has a real knack of bringing happiness to the folks at the Home! Faces light up whenever he appears on the scene, whether it be for just a short afternoon visit or any special "do." On their behalf, a very sincere "thank you" Ed.

Refreshments were served during the evening and a lunch at the conclusion of the dance.

The Youville Auxiliary offer their heartiest thanks to Danny and his orchestra to the young singers, to Ed for his usual show of goodwill - and to each and everyone who helped in any way to make the evening such a pleasant one.

A's In First Place

After four rounds of play in the 10-team Sturgeon Men's Fastball League, St. Albert "A's" are all alone in first place with a perfect 3-0 record. A's have a rain-out game against Onoway later in the week and will no doubt make it four straight.

Monday night the A's, behind the shutout pitching of veteran righthander Dick Bird, shutout Stony Plain Kings 3-0. Lionel Rouault drove in two of the A's runs late in the game. Kings coach Jack D'Hoedt wasn't too disappointed with his team's performance (most of them are juniors) to hold the more experienced A's to as close a game. Kings are winless in three starts.

Calahoo Chiefs dropped their first game of the season when they were touched for four homeruns by Enoch and lost a 11-7 decision Monday night at Calahoo. Gary Acheson and Jay McGough had four-baggers for Calahoo and both came in

the last inning.

In Spruce Grove the Panthers scored eight runs in the third and fifth innings to defeat St. Albert Inn 13-7. Gord Markle, Herb Steinke and Don Bowman had homerun support for winning pitcher Orville Perry. Larry Johannas took the loss for the Inn.

Onoway defeated Fair-

haven Falcons 14 - 5 in Onoway. Apparently the diamond in Onoway resembles more of a gravel pit than a sports field and work will be done soon to get it in shape.

No scores have been turned in on the Stony Plain Playboys and Spruce Grove Juniors game.

Saints Play Police

St. Albert Willowbrook Saints will be looking for their first win Thursday night in St. Albert when the City Police Athletics will be the opposition. Game time will be at 7 p.m. on Mission Diamond.

Next Monday Saints play in Renfrew Park in Edmonton against the Cardinals.

Curly Schneider (right) looks on in awe at the two huge Rainbow Trout held by ardent angler Artie Stevenson. The trout on the right was almost eight pounds and was caught in Carson Lake near Whitecourt, last Sunday, while the other was taken from Shuman Lake near Fort Assiniboine. In their spare time Art and Curly play fastball for Calahoo Chiefs in the Sturgeon Fastball League.

Golden Jets drop two

The St. Albert Golden Jets Senior Lacrosse Club saw their two game win streak come to an abrupt end over the last week, losing respective games to Fuller's Spartans and West Edmonton Warhawks.

Last Thursday the Spartans marched out of St. Albert with a 10 - 8 victory. Harvey Geddes and former Golden Jet Pat Niblett led the Spartan attack with two goals apiece in the cleanly played contest.

For the Jets, Don Konkolus pumped home three goals. Rick Cayer, Harry Parlee, Barry Konkolus, Doug Parsons and Lee Carlyle rounded out the Jets scoring.

Bob Johnson played a strong game in goal for the Spartans and turned back numerous good scoring chances by the Jets. Shots on goal were even - 39 apiece. Overall 12 minor

penalties were called with the Jets taking seven.

On Tuesday the Jets came up with one of their worst performances in two years losing 17 - 14 to the West Edmonton Warhawks. At the end of the second period the Jets had a commanding 12-8 lead. However the third period, from a Jet standpoint, was a disaster as they were outscored 9 - 2 and outshot 25-9. Ian Scott and Cliff Bell scored four goals apiece for the Warhawks. Doug Parsons and Barry Konkolus paced the Jet attack with four goals each. Seven Jets picked up one goal including captain Russ McFall who chipped in with five assists.

Fifteen minor penalties were called against the Jets. The Warhawks taking full advantage of their powerplays scored eight goals while having the man ad-

vantage. West Edmonton picked up six minor penalties.

The Warhawks outshot the Jets 59-33 to pick up their first ever victory over the Jets. After four games of the 1974 season the Jets find themselves with one more loss than what they had all last year.

Remember, senior lacrosse action takes place every Tuesday at 8:30 p.m. at the St. Albert Arena.

Rams win one in three

The St. Albert K of C Rams have won one and lost two in the last three times out.

The Rams were defeated 9-8 in one of the most exciting Lacrosse games of the year when the North Glenora Blues managed to hold the single point edge in St. Albert on Monday, May 27.

The Rams opened the scoring early in the first period and led 4-0 at one point. The Blues pressed hard and were able to score three goals by the end of the first period.

The Blues managed to

avoid the close checking of the Rams during the second period and put five markers in the net to the Rams' pair of goals. After two periods the Rams were down 8-6. Good two way action in the final period ended the game and the Blues emerged victorious 9-8.

The scorers for St. Albert were Stephan Davids, Mark Abram, Doug Leach, Gary Dickie, Dave Cogle, and Mike Thompson. Cogle and Thompson each scored a pair of goals and the others were good for one goal apiece.

A game played on May

23 ended on a happier note when the Rams mastered the West Edmonton team 8-5 despite a first period which favoured the Edmonton team by a single point.

The Rams introduced a rookie goaltender, Lonnie Homenuk, who put in a creditable period blocking shots. Only two goals were put by him and he is credited with stopping many likely markers. Regular goalie, Dan Lonsink, took over for Lonnie for the second and third period and displayed excellent goaltending.

The game played the following night was a disaster for the Rams who were outdone by the club from South West Edmonton, Dan Lonsink played superbly and his efforts kept the score down in the 5-2 loss. He hauled 36 shots through the night.

The Rams were able to lead the game in one aspect, however, they dominated in the penalty department which didn't help racking-up a win. Twenty-nine minutes in penalties were recorded against

Fast and furious lacrosse action in the St. Albert Arena has Stephan Davids (left foreground), Reg Leach (back centre), and Bruce Lowland (right front) on their way to a win against West Edmonton. St. Albert K of C Rams finished on top 8-5. The Rams are in the dark jerseys.

the Rams while the Edmonton team were short handed for only 10 minutes.

The next Rams game is set for Friday, May 31, at 7 p.m. at the J. P. Arena against the South Edmonton team. They will meet the North Glenora Blues at the J. P. Arena on June 2 at

Saints Looking For First Win

After three starts in the eight-team Sunburst Baseball League, St. Albert Willow Saints are still looking for their first win. Saints lost their opener to Blue Willow Juniors 2 - 1 at Rentfrew Park, 7 - 1 to Fort Saskatchewan Red Sox last weekend and 11 - 4 to Camrose Cubs Monday night in St. Albert.

Against Blue Willow the Juniors picked up single runs in the first and third innings and then held on to win 2-1. Saint's pitcher Dennis Fitzgerald singled home left fielder Doug Edwards in the seventh inning for St. Albert's only run. Winning pitcher Wayne Briggs (with the Saints last year) allowed only six Saint hits while striking out seven.

Fitzgerald gave up only three hits each and struck out six. Both Blue Willow runs were unearned and came on Saints errors.

Last Saturday Saints played the Fort Red Sox in St. Albert in a rainout rescheduled game and lost 7 - 1. Chet Simmons went all the way on the mound for the Red Sox and allowed only five scattered hits including two by Doug Edwards. Edwards scored Saints only run after singling and coming

home on Hank Reinbold's triple in the fourth inning. Red Sox came up with eight hits. Keith Burrell took the loss and chalked up 11 strike-outs.

Against the Camrose club St. Albert booted the ball six times in the infield and were never in the game after the second inning when the score was tied 2-2. The powerful Cubs, last year's Sunburst champions, cracked out 14 hits including a homerun by first baseman

Nelson. Cubs scored three runs in the third and fourth innings for a 8-2 lead. They added three more in the eighth for their 11 runs.

St. Albert managed nine hits off winning pitcher Fasshaug but they also went down swinging 14 times. Adrian Boddez and Greg Taylor had two hits apiece for the Saints while Reinbold had his second triple in three games.

Saints next home game will be Thursday night, May 30 against the City Police.

Janet Moffat of Edmonton shows her Basenji dog which won both Best of Show award and Best Puppy in Show at the dog show held Sunday at Lions Park. Judge Neil Vance awarded the ribbons, plaque and prizes to the African dog.

Your dog - the Citizen

The St. Albert and District Kennel and Obedience Club are hosting an open forum entitled "Your Dog the Citizen" at the Percy Page Centre tonight from 8 until 10 p.m.

Veterinarian Dr. C. R. Gelhaus, lawyer Gary Wet-sch, insurance agent George Wharry and an RCMP officer will explain laws governing dogs and related regulations of interest to all dog owners. Each will make an opening statement and time will be provided for questions and discussion from the floor. All dog owners, but no dogs will be most welcome to attend this informative forum discussion. Coffee will be served.

About 90 entries were received for the dog show held Sunday at Lions Park, com-

ing mainly from Edmonton and area but including some from Calgary as well.

Six or seven judges were on hand to award ribbons and trophies in the various classes in the parlour show, sponsored by the St. Albert and District Kennel and Obedience Club. Judge Neil Vance awarded the Best of Show to a Basenji shown by Janet Moffat of Edmonton. The Basenji is a small African dog.

On Sunday morning graduation was held for the 12-week course in obedience held at Equestrian Manor arena. Trainers were Laurie Thompson of north Edmonton and Anetta and Leon Leclair of Coronado. Of 27 that enrolled, seven completed the course and were graduated, mainly St. Albert students.

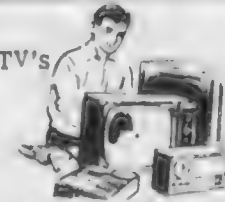

Dan Gerard, 14, is pretty pleased with the prizes he won at Grandin Shoppers' Park Anniversary celebrations. He walked off with the grand prize, a boat, motor and trailer. Asked what he was going to do with his prize, Dan answered that he was going to sell them and buy a motor-bike. Mrs. Viola Tetreau, of 43 Birch Crescent was the winner of the Family Allowance draw. Mrs. Tetreau is a mother of 12 and you can be sure she appreciates the \$200 windfall.

**If we could gather
all employers in Alberta
into one great big auditorium
and make a one-minute speech,
here's what we'd say:**

"Ladies and Gentlemen . . . we provide you with the solution before you even have the problem.

"The problem we're referring to is accidental injury to your employees. Our solution to this problem is two-fold.

"First, we strive to prevent as many accidents as possible. That's why we inspect work-sites, conduct safety courses and encourage safeworking practices.

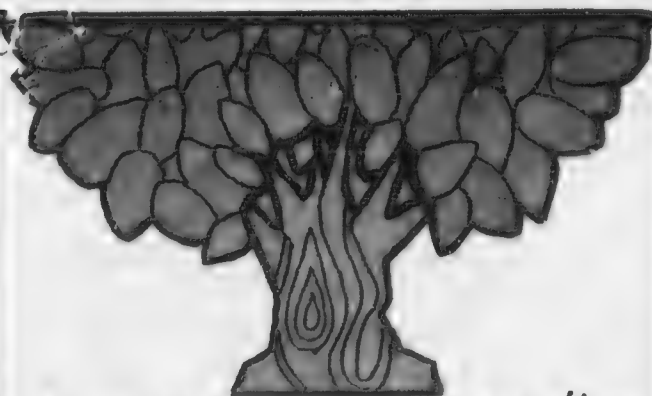

"And second, we take care of your em-

ployees when they are injured on the job. This includes medical and hospital treatment, financial compensation, plus physical and vocational rehabilitation. In short, we provide whatever is necessary to get your employees back on the job.

"So the next time you pay your assessment to the Workers' Compensation Board, consider it a sound business investment. One that provides solutions to problems so that you won't even have them."

SWIMMING:

The pool schedule from June 1 - 30 is published elsewhere. Note that the timetable on Saturday and Sunday, June 1 and 2 includes the very popular 'kiddies' Carnival as well as teen swimming and the session on Sunday evening when skin diving equipment is allowed in the pool.

Between the use of the pool by the schools and the regular Red Cross classes, public swimming will be somewhat restricted during weekdays from June 3 - 21. However, after that there will be lots of swimming opp-

ortunities for all categories.

Two or three special events are being planned for the summer. The dates will be announced in this column and posted at the pool. And watch for changes in the schedule which is subject to adjustment, depending on attendance.

Classes were filled and waiting lists compiled last week's registration for swimming instruction during June.

Since then those on the waiting lists who could be accommodated have been phoned and after some "reshuffling" a very few openings remain in the following classes: first session (June 3 - 14) - pre-beginners, beginners, intermediates and seniors and in the second session (June 17 - 28) Juniors, intermediates and seniors. Please register and pay at the Department of Recreation in the Town Hall (not at the pool). And please register soon; there really are very few openings - only one in some of the classes.

PEDAL PUSHERS:
Registration forms for the forthcoming Pedal Pushers program will be distributed in the schools to children in grades 1 - 6. When completed they are to be brought to Leo Nickerson School or Sir George Simpson School on Wednesday, June 5 between 5:30 and 7:30 p.m. at each location.

This very important program is being sponsored by the St. Albert Sports Council in co-operation with the Department of Parks and Recreation and the sessions will be held in the evenings

of June 10, 12, 14, 18 and 20. BUT the program will not be able to run at all if parents do not offer their services as instructors; two are required for each 25 children. An orientation session for instructors will be held in Sir Alexander Mackenzie School on Thursday, June 6 when materials and information will be distributed. Parents - they're your children and the program is for the sake of their safety so make a point of becoming an instructor.

Further information can be obtained by phoning Mrs. Ainele at 459-5808 or the Department of Recreation at 459-6601.

TENNIS:
The last lessons in the series of classes organized by the St. Albert Tennis Club in co-operation with the Department of Parks and Recreation SHOULD have been taking place this week. However, the weather caused the postponement of lessons in all classes which means that they won't be completed till the first week of June at the earliest.

The courts will not be available for play on Saturday and Sunday, June 1 and 2 because of the Annual Invitational Tournament. Spectators will be very welcome and anyone interested in wat-

ching a high calibre of tennis should go and watch. Most of the action will be taking place at Mission Park with some games being played on the courts on Sunset Boulevard, depending on the number of entries.

JOINT USE:
Application forms for the use of accommodation under the terms of the Joint Use Agreement are available at the office of the Recreation Department in the Town Hall.

Officials of organizations wishing to apply for accommodation next year should pick one up, complete it and return it as soon as possible.

Poundmaker program will move to Indian School

The 'Poundmaker' program, which has been operating out of the Alcoholic and Drug Centre for Indian and Metis people in Edmonton, is being transferred to the former Indian School south-east of St. Albert, as soon as necessary remodelling can

be completed. The Edmonton Centre had been condemned.

The Hon. Neil Crawford told St. Albert MLA Ernie Jamison that the transfer decision was finalized yesterday. The intent is to use the Indian School for a short

term period, the minister said.

Mr. Jamison said he was extremely pleased that the Poundmaker program would thus be able to carry on, as he feels good work is being done by the program on a problem which is reaching epidemic proportions for the native people. Mr. Chester Cunningham who is very familiar with the program is also delighted that it will be able to carry on without interruption.

The Alcoholism and Drug

Abuse Commission will be looking for a more accessible location and building more appropriate for the Poundmaker treatment program.

Renovations will be done on a part of the Indian school and the cost of these and furnishings will be about \$135,000, which would compare with rental costs for about 18 months if a suitable building were available in the city at present. About 15 patients at a time will be accommodated.

NDP chose Hennessy for Pembina

The NDP party have chosen Tom Hennessy to fight their campaign in the July Federal election. He is a 42 year old house painter and farmer living near Legal. An aggressive campaigner, Hennessy was able to more than double the NDP

vote in the last election. Nancy Eng, provincial president of the NDP was present for the nomination, held in Westlock Pembina is a large riding, and Mr. Hennessy will talk directly to as many people as he can. At the Westlock meeting

Mrs. Eng stated that the NDP had some success in pushing the Liberals to reduce corporate rip-off. Hennessy calls the corporations "vultures - because of their special tax advantages and incentives." He will campaign with a special concern for the rural economy, where he says the belt tightens each year for the average farm family. For information contact Tom Hennessy at 598-2342, Wayne Coulter at 543-2998 or Earle Toane at 799-9382.

Trees destroyed by vandals

Mrs. W. E. Mclean of #1 Riverview Drive in Fairhaven Park, suspects 'bored youths' as the culprits who have destroyed over 30 young trees in her yard.

Sometime last Saturday the 30 trees, some measuring up to eight feet in height and two inches in diameter, were broken down. She is convinced that the effort required to break the trees is beyond the capacity of younger children. Motorcycle

tracks have been observed in the midst of the broken remains of the trees, a further indication that youngsters are not to blame.

Mrs. Mclean is at a loss for any explanation to the vandalism other than to say, 'bored youths, with nothing else to do.' She urges neighborhood co-operation in reporting unusual activity. The RCMP have promised greater surveillance of property in the area.

Stauffer - Tieulie Wedding

By Lucienne Montpetit

Legal's St. Emile's Church was the scene of a beautiful spring wedding when Rita Tieulie exchanged marriage vows with John Stauffer. Father Viel performed the ceremony for the daughter of Mr. and Mrs. Jean-Marie Tieulie and the son of Mr. and Mrs. Walter Stauffer from Edmonton.

The wedding music was played by Angeline Auger and soloist was Rachelle Letourneau.

The bride, given in marriage by her parents, was radiant in her empire style gown. Her stand-up collar cuffs, and bottom of her A-line skirt were trimmed with lace that extended along the edges of her long train.

A lace bridal headpiece held her long veil and she carried a sheaf of red roses and white carnations.

Bridesmaids Cecile Tieulie, Helene Tieulie sisters of the bride, and Susan Stauffer wore identical pink flocked nylon gowns complimented by pink wide brim hats. Their jewellery was a delicate silver cross gift from the bride. They carried

MR. & MRS. JOHN STAUFFER

led nosegays of white daisies and baby's breath.

Attending the groom were Anthony Stauffer, Emile Tieulie and Dr. Denis Todoruk.

Ushering the guests were Charlie Stauffer and Louis Lecavalier.

Following the ceremony a reception was held at the Community Hall with Raymond Tremblay master of ceremonies, Wilfred Lecav-

aller (uncle of the bride) presented the toast to the bride.

To receive her guests Mrs. Tieulie chose a peach printed polyester crepe gown, Mrs. Stauffer wore a coral crepe gown trimmed with lace.

John and Rita are making their home in Edmonton.

Petrie - Young wedding

By Liz McLeod

A spring wedding of interest to relatives and friends in St. Albert, Morinville and Calahoo, was solemnized at St. Martin's Anglican Church, Fort St. John, B.C. when Joanne, youngest daughter of Mr. and Mrs. William Young, pledged marriage vows with Douglas, youngest son of Mr. and Mrs. George Petrie, all of Fort St. John.

The double ring ceremony was conducted by the very Reverend H. E. Peake.

Given in marriage by her father, the bride was radiant in a long sleeved A-line slipper length gown of white polyester satin, designed with white lace collar, cuffs and bodice.

Her head-dress was a Juliet cap with short bouffant veil attached.

Bridal attendants were Cathie Wiltse, maid of honor; Mrs. Donna Shomody and little Miss Nadine Haffner, a cousin of the groom.

The groom was attended by Ted McElderry, Joe Shomody, Master Shawn Shomody. Ushers were Henry

Petrie, brother of the groom and Irwin Pomeroy, brother-in-law to the bride.

A reception for some 100 guests was held in the new Royal Canadian Legion Hall, when Mr. Gordon Bennett was congenial master of ceremonies.

Table Grace was led by Mr. Art Hosker. Mr. Ken Morton proposed the toast to the bride to which the groom ably responded.

Ted McElderry proposed the toast to the bridesmaids. Telegrams were read from Mr. and Mrs. Al Notonbomer of Terrace, B.C., Mr. and Mrs. Alex Stewart of Kincardine, Ontario and others.

The guest book was attended by Miss Val Hunter of Vancouver, B.C.

The wedding cake, which held pride of place on a special table of its own, was made by the bride's mother and decorated by the groom's mother.

For their honeymoon trip to various points in the province, the bride chose a coral pant-suit with contrasting blouse and white accessories.

Out of town guests included

the bride's grandmother, Mrs. Elizabeth Robertson of Kincardine, Ontario; Mr. and Mrs. Glen Young of Prince George, B.C., and the groom's grandmother, Mrs. Annie Norris of Devon, Alta., and relatives and friends from Edmonton, Spruce Grove, Calgary, Coronation and Whonnock and Boundary Lake, B.C.

The young couple will be making their home at Fort St. John, B.C.

MORINVILLE MEMOS

By Flo McGinnis

By the look of the Morinville Lions Club Events Calendar for the month of June one can certainly tell that summer is definitely on the way. Other than that we aren't too sure some days as to whether there WILL be a summer this year.

Don't forget the Community Breakfast on Sunday, June 2. It begins at 9:30 a.m. in the Rec. Centre and as we've mentioned previously it is a great chance to get out and meet some of your new neighbors!

Regular Board of Trade supper meeting will be held as scheduled on Monday,

June 3 beginning at 6:30 p.m. in the Legion!

All told, there have been 88 youngsters taking the Pederal Pushers course that the local Recreation Board offered. Their final night, complete with awards etc., will be held on Tuesday, June 4 in the Rec. Centre. That is the same day as the Elementary Track Meet so some of the instructors are expecting a few very tired boys and girls. It will be a short evening for those no parents need not worry about the time element.

We also note that the Legion is planning another Games Night for Saturday

the 15th. This would be a good time for you to mark your calendar and plan on an evening of 'fun and games.'

The week of May 12 - 18 was Police Week, and the Morinville detachment of the RCMP held "Open House." There were some 500 school children that went through the offices and were shown some of the ins and outs of the operation. The RCMP has a new safety symbol by way of a dog named Sam - have you seen his picture yet? The Morinville detachment sponsored a coloring contest using "Sam's picture" and all of the kindergarten, grade 1 and grade 2 students in the local school took advantage of it. Prizes were awarded by way of 30 silver dollars which were taken out of the Morinville detachment's "slush fund." It was a very impressive way of bringing attention to Police Week and the children who took part in the tours and/or contests learned a great deal.

Received a notice that the Foster Parents Association will be holding a meeting at the Morinville Rec. Centre at 8 p.m. on Thursday, June 20.

Angie phoned from the town office to say that if you have any questions regarding the 'house numbers' you may call her. Also please note that when the notice about garbage pickup was printed we forgot to give special mention to the Trailer Park. Garbage will be picked up at the Trailer Court on FRIDAY MORNINGS and not Thursday. Deadline for putting up your house numbers is June 15 so could you please ask the assistance of residents to see that numbers are up. Think how nice it will be to see house and street numbers listed in the phone book!!

G. Himschoot passes

Lovell - Kluthe Wedding

St. Emerence Roman Catholic Church at Riviere Quil Barro was the scene of a pretty candlelight wedding on April 20 when Barbara Kluthe, daughter of Mr. and Mrs. Joe Kluthe, became the bride of Mr. Rus Lovell, son of Mr. and Mrs. Reg Lovell of Clondonald.

The ceremony was performed by Rev. Father Cunningham, before a number of guests decorated with yellow and orange primroses. Mr. and Mrs. Harold Borle, uncle and aunt of the bride, gave the readings, and wedding music was provided by Dawne Brenneis, cousin of the bride.

The bride was escorted to the altar on the arm of her father, and was radiant in a gown of flocked nylon over peau de elegance. The gown was styled on princess lines with an empire waist, and featured a cathedral length train which fell from her shoulders. Her veil of silk tulle was also of cathedral length, and was held in place by her mother's wedding coronet. The bride carried a cascade bouquet of red and white roses with ribbon streamers with rosebuds and lily-of-the-valley.

The bride was attended by her sister, Rita Boyd, as matron of honor; Louise Groves, friend of the bride and Violet Brenneis, cousin of the bride, as bridesmaids. They wore identical gowns of green flocked nylon over polyester crepe fashioned to match the bride's gown, and carried bouquets of orange roses.

The groom was handsomely attired in grey trousers with brown jacket and beltoned shirt. He was attended by his brother, Sheldon Lovell; a friend, Bill Groves and brother of the bride, Harold Kluthe. All wore grey trousers with green jackets and yellow turtleneck sweaters.

MR. & MRS. RUS LOVELL

Riviere Quil Barro Recreation Centre for about 400 guests. Music was supplied by the "Satellites Orchestra." For her going away outfit, Barbara donned a navy blue suit with palazzo trousers and yellow sweater, with yellow roses en corsage. The groom wore grey trousers and a jacket and sweater to match that of the bride. Out of town guests were from Vermillion, Clondonald, Calgary, Mayerthorpe, Three Hills and Edmonton.

On return from a honeymoon to the mountains, the happy couple will make their home in Edmonton.
